

## Kansas District 00 Participation Rules - Effective January 1, 2011

The Kansas 00 District was designed for members who could not attend enough shows within their home district to qualify for the state championships. However, the 00 district (set up in February 2005) operates similar to a regular district within Kansas. It is your responsibility to know the NBHA rules and the rules of the Kansas NBHA 00 District.

1. All NBHA rules apply to members in the 00 district.
2. You may compete at shows sanctioned by Kansas districts ONLY for points to count. Fundraiser shows produced by districts WILL NOT count for points for 00 members.
3. There is no newsletter for KS00 members so it is your responsibility to locate information about other district barrel races. KS00 members are responsible for keeping track of their shows attended for points. Points and shows attended will be updated towards the end of each year on the web site. You may visit the state web site at [www.ksnbha.com](http://www.ksnbha.com) for scheduling information that might be available online.
4. In addition to state championship qualifications (3 shows required during the year January 1 to December 31 of the year prior to the state championships), your points also accrue for world championship qualifications and are submitted similarly to what would be done within a district. You are competing for points amongst all KS00 members across Kansas.
5. You are allowed six (6) shows to count for year-end points. It is your responsibility as a KS00 member to designate, in writing, **"PRIOR TO COMPETITION"** that the show is to count for points and clarify that you are a KS00 member. PLEASE DO NOT SUBMIT MORE THAN SIX SHOWS.

No-times and disqualifications after designation as a point show are treated like any other show. The show will count for participation but not for points. Please note. Effective 2011, points for a show will be awarded with the fastest 00 time determining the divisions and points for all 00 members present at that show. All Kansas NBHA "sanctioned" shows qualify for points.

You need to make sure a show is "NBHA sanctioned" prior to traveling to the show. Some districts have "fundraiser" shows which are not point shows. They DO NOT count for KS00 points if they are not sanctioned with the NBHA.

If you did not designate in writing at the show for it to count as a point show for you, you may not go back and pick it up later as a qualifying show. It is your responsibility to make sure your shows are designated correctly.

6. When KS00 members attend other district shows—YOU MUST comply with their rules and conditions including any prize fees, nomination fees or otherwise that might be required at that show. You are required to pay their fees as required by their members.
7. There are no year-end awards for the 00 district. This district was put in place solely to aid members to qualify for the state championships.
8. The KS00 District was not put into place to assist with qualifications for the world shows. However, we do accumulate your points and submit the top 5 in each division as in any other district. If you want to run for points to qualify for the world show, it is highly suggested that you consider transferring to a district that can offer you a maximum number of shows to compete in.
9. Please know and understand the 3-show requirements for the state show. 00 members may not buy-in their shows for the state show. You must be a full-time member of a regular district within Kansas (01-11) to participate in this option.

Please remember, KS00 members are solely responsible for designating and making it clear at a show that you are a "current" KS00 member by showing your membership card at the time of entering. You must CLEARLY DESIGNATE that you want the show to count as a point show for you. You must abide by the district's rules where you are competing and you are required to pay any and all fees required within that district.
